

Paying your Car's Running Costs

You can salary package a new car and pay for its finance and running costs in pre-tax dollars via a Novated Lease. The facility offers the potential to save money on the purchase price of the vehicle, fuel and servicing costs, as well as the annual cost of registration and insurance.

Paying your Car's Running Costs

Eziway offers a choice of two types of Novated Lease:

- Fully Maintained which packages lease repayments, insurance, fuel, service & maintenance, registration, tyres, car washing and Roadside Assist
- Finance Only which packages only the lease repayments

Paying daily expenses

With a Fully Maintained Novated Lease, you pay for your vehicle's daily running costs using the fuel card we supply from WEX Motorpass. These costs are:

- fuel and other consumables such as oil
- service and maintenance
- tyres, and
- car washes

WEX Motorpass invoices us monthly and we deduct money from your vehicle budget to pay for these items.

Paying annual expenses

Eziway can pay the annual costs of insurance and registration on your behalf using BPAY. You will need to provide us with each bill at least a month before the anniversary date of each item.

If you prefer, you may pay for these items yourself and claim back the cost using:

- MyEziwayAccount App
- online using the Eziway Portal, or
- manually using claims forms downloaded from our website.
